Gain the Access + Expertise of Amwins Professional Lines Practice

Professional lines insurance solutions that evolve with the times

As professional and financial risks evolve, you'll be prepared with Amwins. Thanks to our breadth of proprietary products, technology and expertise, Amwins' specialists provide solutions for a wide range of account sizes and complexities.

We understand that every risk is unique, and navigating the marketplace isn't always easy. We proactively seek new product offerings that keep you and your clients ahead of industry change.

Why Amwins professional lines practice?

Expertise: Our professional lines expertise extends across numerous lines of coverage and classes. Through continuous program assessment, placement strategy and form review, we deliver custom solutions that meet your clients' unique needs.

Collaboration: Our professional lines specialists constantly collaborate across teams and geographies. When you work with an Amwins professional lines broker, you get the knowledge and expertise of our entire firm.

Proprietary products: We put our data and strategic market relationships to work for you to develop proprietary products and programs that meet your clients' evolving needs — even in hard market conditions.

International capacity: With boots on the ground in London and Bermuda, we offer expertise and direct access to these key international marketplaces.

Value-added resources and services

✔ Program benchmarking

Our proprietary cyber benchmarking tool analyzes data from thousands of our cyber placements, then determines a policy limit and premium relative to those in similar industries and revenue ranges.

✔ Complex claims advocacy

From designing a proactive claims management plan to engaging on difficult and complex claims, Amwins supports our clients when they need us most.

✔ Market insights

Our insight on emerging issues and trends helps you protect and prepare your clients for what lies ahead. View our latest professional lines and cyber insights at amwins.com/insights.
