Confidential Information - Trade Secrets

Bristol West Producers and the Company have a vital interest in protecting information used by Producers in conducting their business. This includes Underwriting Manuals and Guidelines, and documents and information about policyholders that is contained in their files.

This Information Is Confidential

Producers and their employees are expected to keep such confidential information secure from outside visitors. Under no circumstances is confidential information to be generally released to regulatory bodies, the press and/or the public at large. Anyone claiming a legitimate reason to use such information must do so as required by law or judicial process.

GENERAL INFORMATION

New Business Binding

All Auto policies must be uploaded using www.IAProducers.com.

The customer and producer will bind qualifying risks at the time and date on which the application is completed in full, and signed, when the corresponding premium is paid by the customer, and when the policy number has been obtained. **DO NOT BACKDATE COVERAGE.** Per our File Maintenance and Audit Requirements guidelines, if coverage is backdated, an E&O claim may result.

Original applications will be bound as of the date on the application if all of the following apply:

1. The application is uploaded within 48 hours. 48 hours will be measured as two (2) calendar days;
2. All questions and signature blocks on the applications are answered, initialed or signed where necessary;
3. The new business application receives a pre-assigned policy number;
4. The down payment has been made on date of application;
5. The producer signing the application is licensed and appointed by the applicable underwriting company;
6. The effective date is no earlier than the date upon which the producer received the down payment;
7. The application does not include any class of risk or type of insurance not specified in the underwriting requirements; and
8. The information contained within the application is, to the producer's knowledge, truthful and accurate.

The application is part of the policy contract and must be completed and signed by the applicant. By signing, the insured is agreeing that the information contained in the application is accurate. Incomplete applications may result in the policy being rejected, rated differently than submitted, or claims being denied.

Producers are required to distribute the policy contract, the Declarations Page, and other new business endorsements to the insured.

Producers do not have authority to issue the Declarations Page, Endorsements or Cancellation Notices unless specifically authorized by the Company in writing.

The Company does not permit sub-brokering of business. It is not acceptable for you to give our ID cards or underwriting materials to other producers, or for you to accept applications from them for risks they have underwritten or will service outside of your office.

eSignature

If the customer elects to sign documents using the eSignature process at new business, the applicable e-signed forms will be maintained by the company and accessible to the customer and your agency.

If the customer does not complete the eSignature process by the required deadline, coverage, payment plan and/or rate changes may occur.

The eSignature process only applies for new business documents. Any subsequent documents that require a signature, after the new business transaction, will need the customer's physical (wet) signature and must be maintained in your files.

Text Alerts

Text Alerts are available to help customers manage their Auto policy. Upon their consent, you can set your customer up for Text Alerts at new business or the customer can enroll at www.BristolWest.com. Customers who choose to enroll in Text Alerts will receive system generated messages to their mobile phone number, such as:

1. Payment reminder alerts;
2. Missed payments alerts; and
3. Links to our new mobile website and IVR for easy access to make payments on www.BristolWest.com.

Customers can cancel Text Alerts at any time by replying STOP to a text alert sent by us or un-enrolling on www.BristolWest.com.

Material Misrepresentation

Material misrepresentation on the application may impact the insured's right to policy benefits. Producers should present all application questions directly to the applicant and clearly explain the consequences of providing false or misleading information as part of their application for insurance.

Examples of Material Misrepresentation include, but are not limited to:

1. Failure to disclose all regular vehicle operators and all household residents who are of legal driving age whether licensed or not.
2. Use of an incorrect garaging ZIP Code or address.
3. Failure to report all accidents and violations on the application, regardless of fault.
4. Failure to accurately report vehicle usage or vehicles available for use.

Binding Restrictions

Severe Storm Warnings & Restrictions

We do not allow Comprehensive or Collision coverages to be bound or deductibles on existing physical damage policies to be lowered any time a hurricane, hail, tornado, flood, tropical storm, severe weather or state of emergency warning or watch has been issued by the National Weather Service. This binding restriction only applies to the counties in which the watch or warning is effective. We will reinstate binding 24 hours after the watch or warning is lifted.

Binding restrictions may be activated automatically in our systems to prevent the above activities while a binding restriction is in place.

Policy Term

Six (6) month and annual policy terms are available.

File Maintenance and Audit Requirements

Acquired Business

If you acquire a customer already insured with the Company, either through a producer of record change or through the transfer or purchase of another producer's book of business, you must immediately obtain, from the prior producer or agency, all original signed applications (including exclusions and rejections of optional coverages) and all other records relating to that policy. Such records must be maintained in accordance with the terms of your Producer's Agreement and all applicable laws. If attempts to obtain records from the prior agency prove unsuccessful, then you must obtain signed coverage forms, such as coverage rejection or selection and exclusion forms directly from the customer. The date on the missing forms must be the date they were signed (not backdated to the inception of the policy) and will be in effect from that date forward.

Just prior to upload, our system will display a list of documents that are to be kept in your producer file. Please be sure to maintain all required documents for a period of seven (7) years after policy expiration. Documents can be stored electronically as long as the documents can be readily reproduced and are backed up in a secure environment.

These documents include, but are not limited to:

1. Original signed application, including the application questionnaire and County Mutual proxy.
2. SR-22 Filings.
3. Signed EFT / Direct Debit Authorization Agreement Form.
4. Proof of Additional Equipment.
5. Signed Exclusion Form listing all persons excluded from coverage.
6. Signed Uninsured Motorist Rejection/Selection of Lower Limits Form.
7. Signed Personal Injury Protection Rejection Form.
8. Proof of not-at-fault accidents when required.
9. Proof of homeownership for Homeowner Discount when required.
10. Proof of prior insurance when required.

Please remember to obtain all necessary signatures and documents when you complete a new business application or make policy changes, and retain them in your files. According to our Producer's Agreement, signed by both your agency principal and the Company when you became licensed to sell, you are responsible for producing all correctly completed signature forms/proof documents upon our request.

Should a claim arise and requested documents are not available, an E&O exposure will exist. Your Producer Agreement also contains other information regarding retention of policy documents.

Routine Audits

Routine audits by the Company will be performed on random files. You will be required to provide file maintenance documentation to a Company representative during an on-site visit or when requested. You may receive a request for a list of required documentation that must be submitted to our office no later than two (2) days after the request. Failure to submit the documentation will result in a failed audit.

UPLOADING NEW BUSINESS

Upload Information

All new business applications **MUST** be uploaded through our website to ensure the most accurate rate at the point of sale. Our system will automatically order relevant customer and underwriting reports.

Chargebacks

There are several reports that are ordered by the Company in the course of quoting a risk that enable us to get an accurate rate. The cost of these reports are not charged to your agency except for the cost for Motor Vehicle Reports (MVRs). The cost for MVRs will not be charged to your agency when 80% of the reports ordered in connection with quotes you submit convert to an issued policy.

When less than 80% of the reports ordered in connection with quotes you submit convert to an issued policy, the agency will be charged an average of the total cost we incur for MVRs. The amount owed will be deducted from your commission statement each month.

Garaging ZIP Rating and Rules

Enter the ZIP Code where the vehicle is principally garaged and our quoting system will automatically assign the proper rating factor.

At least one (1) vehicle must be principally garaged in Texas for at least 10 months of the year for the policy to be acceptable. If we determine that no vehicle is principally garaged in Texas for at least 10 months of the year, the policy will be canceled if within the initial underwriting period or will be set up to non-renew.

If any vehicle is garaged outside of Texas, liability limits for the policy will be increased to meet the highest required minimum liability limits for all vehicles on the policy.

Unacceptable Garaging

If any vehicle is garaged in a state that is unacceptable, the policy is unacceptable. At new business, the policy will not be allowed to upload. If such a vehicle is added via an endorsement, the policy will be canceled if within the initial underwriting period or will be set up to non-renew.

Unacceptable garaging locations for Texas policies are out of the country or in any of the following states: District of Columbia, Massachusetts, Michigan, New Jersey or New York.

Named Operator Policies

Named operator policies provide liability protection for the named insured while driving non-owned autos. Other rules include:

1. A separate policy is required for each spouse, domestic/civil union partner or resident relative.
2. Named operator policies are not available if any household resident has regular access to a vehicle, or if the insured operates a vehicle used for commercial purposes.
3. Coverage does not apply to vehicles owned by the insured or a relative.
4. Coverage only applies to the person listed on the Declarations Page and does not extend to household members.
5. Bodily Injury, Property Damage, Personal Injury Protection/Medical Payments, Uninsured Motorist/Underinsured Motorist Bodily Injury and Uninsured/Underinsured Property Damage are the only coverages written.
6. Business, Commercial Rideshare or Artisan Use is unacceptable.
7. SR-22 Filings are acceptable (operator only).
8. Liability limits greater than 50/100 are unacceptable.
9. Named Insured cannot live outside Texas.
10. Named insured must notify the Company within 30 days of acquiring a vehicle.

TIERING DETERMINATION

Prior Insurance

Definition

Proof of Prior insurance (POP) shows that the named insured has proof of prior private passenger automobile liability insurance, and the policy:

1. Covered the named insured, spouse or domestic/civil union partner;
2. Provided six (6) months continuous coverage;
3. Was not insured with Bristol West (see exceptions to this rule below);
4. Did not have a lapse greater than 30 days at the end of the policy period and prior to the Company's effective date;
5. Had liability coverage at specified limits over the six (6) months continuous coverage; and (limits needs to be shown on the proof of prior insurance documentation); and
6. Was written in the Continental U.S., including Alaska and Hawaii or Canadian.

Periodic Review

Underwriting tier is automatically re-evaluated when a policy has been in-force with the Company for 36 consecutive months. A policy not qualifying for an improved underwriting tier will be re-evaluated at the subsequent renewal. The evaluation will be based on underwriting rules in effect at the time of policy renewal (excludes credit information). If the evaluation results in an improved underwriting tier, the policy will be adjusted accordingly, provided:

1. There have been no late payments or NSF payments on the policy; and
2. No driver on the policy has had any pointed violations or accidents in the preceding 36 months.

The underwriting information will be evaluated again after an additional 36 months.

Note: a policy will never be moved to a higher rated (more expensive) underwriting tier as part of this process.

Exception for Military Personnel Returning from Overseas or Out of State Deployment:

Military Personnel whose prior policy has lapsed or canceled due to an overseas or out of state military deployment will be considered as having valid prior insurance with no lapse in coverage provided the insured meets all POP qualification guidelines prior to the date of deployment. Please provide Transfer orders with the dates of overseas or out of state deployment and valid proof that a prior policy was in force at the time of deployment.

Use of Credit

The decision to request a credit report is not based on income, address, ZIP Code, race, color, creed, age, marital status, sex, or national origin of the consumer. Credit is ordered on the named insured at least 19 years of age. If neither the named insured nor rated spouse or domestic/civil union partner is at least 19 years of age, then the policy will be assigned to a designated credit tier.

The following procedures are to be followed by the Company employees and producers in connection with the use of credit. In the event of a prolonged catastrophic event (e.g. pandemic) where credit cannot be obtained, the Company shall apply a neutral (or average) credit rating. After the catastrophic event passes and vendors are able to respond to our credit inquires, the Company shall reorder credit upon subsequent renewal and adjust premiums accordingly.

The Company uses a third-party vendor as our supplier of credit information. You will not receive any information contained in the customer's credit report; it is ordered, received and used exclusively by the Company through its mainframe computer.

To order credit information, simply follow the instructions on our website. Please be sure to read the disclosure that appears on our website screen to the customer.

Credit Re-ordering

Credit information ordered on a consumer is good for 60 days. If an application is uploaded 60 or more days after an initial quote, and the producer has not reconfirmed credit, the Company will reorder credit after the application is uploaded. If the consumer's credit score changes, a premium change may result. The producer is responsible for re-quoting any risk after 60 days. Our website will not initiate a reminder.

Periodic Review

Once during any 12 month period, at the request of the named insured, the Company will reorder credit information, recalculate the insurance score and determine the credit tier for the next renewal policy term.

Credit Disputes

Any consumer who suspects inaccuracies in their credit report or is affected by an adverse underwriting decision (a decision to issue the policy with restrictions that would not apply but for the consideration of the credit report) should be advised that they can obtain a copy of the report by calling the appropriate credit bureau vendor after the confirmation is completed. Producers cannot request this information. Only the customer may contact the credit bureau vendor. An updated credit report may be ordered as part of the renewal quote process, per state law requirements.

SERVICE OPERATIONS

Endorsement Guidelines

Endorsements are available online at our website, except for:

1. Change or delete named insured.
2. Change policy term.
3. Change payment plan.
4. Add a discount.

Endorsements will be effective on the postmark date of the request, the fax date or the date submitted online. The following types of endorsements require policyholder signatures:

1. Change the named insured (only allowed if primary named insured becomes deceased).
2. A request by the insured to reduce coverages or delete vehicle(s) (coverage cannot be bound by voicemail).
3. Any coverage changes that require signed forms.
4. Exclude a driver.
5. Change of producer.

Producers have 48 hours (two (2) calendar days) binding authority for all endorsements except for adding or changing a vehicle. You must maintain signatures in your office for endorsements transacted by phone.

Vehicle Additions and Changes

Requests for additional or replacement vehicles must be made within 30 days of the date of delivery of the vehicle.

If the request must be backdated, documentation will be required that clearly shows the date of purchase.

Acceptable proof:

1. Bill of sale from the dealership or used car lot.
2. Title Transfer from the Department of Motor Vehicles (DMV).
3. Loan or Lease agreement from a bank or other financial institution.

Handwritten or documents not listed above are unacceptable.

Driver

Any undisclosed drivers/individuals that subsequently join the household or regularly operate a covered vehicle must be added to the policy. An MVR will be ordered to verify the driving record. See Driver and Household Resident Information.

Additional Premium and Credit Endorsements

If a policy change request results in a premium change, we will spread this amount equally over future installment payments and bill the insured. If there is no remaining balance after all credits have been applied, a refund will be provided to the insured. If a policy is pending cancellation, neither an additional premium nor credit endorsement will reinstate the cancellation. We DO NOT re-bill if a policy is pending cancellation.

Retroactive/Backdated Cancellations and Changes

Any retroactive/backdated cancellations or change in information of which the insured failed to promptly inform the company will be limited to the current term plus the policy term immediately preceding the term in which it is reported to the company.

All cancellations or changes will still require the necessary supporting documentation to request the cancellation or change. If support is not provided, the cancellations or changes will need to be made effective current date.

Excluding Drivers

The Named Driver Exclusion Form is required and must be faxed or submitted online to the Company when excluding a driver by endorsement.

Multiple Endorsements Upcharge

An endorsement surcharge factor may apply at renewal based upon the number of vehicle and driver endorsements in the past 36 months. Endorsements with the same effective date as the policy or subsequent renewals will not be considered. Multiple endorsements with the same endorsement effective date will be considered as a single endorsement transaction. An endorsement occurring within 4 days of the last counted endorsement will not be considered. Vehicle replacement transactions will not be considered.

Discounts

In general, discounts will not be added onto a policy mid-term. However, if the insured qualified for a discount at policy inception and necessary proof is provided, the discount will be endorsed onto the policy to be effective back to the inception date of the policy. Otherwise, all discounts that the insured becomes eligible for during the course of the policy will be added effective at renewal.

Renewal Guidelines

Renewal Quote

A renewal quote is sent to the insured approximately 30 days prior to expiration.

Rate Capping

The Company caps premium increases and decreases on renewal. This process will take place at every renewal and occurs prior to the application of additional driver points. Some factors are not included in the rate capping process.

Payments

1. The insured should pay the premium directly to the Company before the expiration date (or the producer can upload through our website) to avoid a lapse in coverage.
2. Policies will not renew unless required premium is received.
3. Renewal payments uploaded through our website will be honored effective the date and time of upload.
4. If the policy is set up on EFT, the insured will be notified that funds will be automatically withdrawn at renewal.
5. If the insured does not want the funds to be withdrawn by EFT at renewal or they want to change account information, they need to complete the EFT Termination form or a revised EFT Authorization form and fax to Accounting. The form must be received at least three (3) business days prior to the renewal effective date.

Renewals After Policy Expiration

1. If the renewal payment is postmarked on or after the expiration date of the in-force policy, the Company will change the effective date to one (1) day after the date of postmark shown on the envelope containing the renewal payment.
2. A lapse in coverage will occur if renewal payment is not made prior to the expiration date of the in-force policy.
3. Renewals requested with more than a 30 day lapse in coverage will not be honored. New business rules apply to determine discounts and signature requirements. The policy must be submitted as new business with new effective and expiration dates and the required down payment.
4. Payments received will be applied to the policy to pay any outstanding balance. Any refund due the insured will be issued approximately 10 days from the receipt of the payment. Refunds will be mailed in the form of a check to the address listed on the policy. Any outstanding balance on the cancelled policy must be paid in full.

Non-Renewed Policies

If a condition exists which warrants non-renewal of the policy, a non-renewal notice will be issued at least 45 days prior to expiration of the in-force policy.

Change of Producer at Renewal

Producer of Record changes will be effective only at renewal. Request to change Producer of Record must be received at least 14 days prior to policy expiration. If you acquire a customer already insured with the Company, you must obtain from the prior producer all original signed applications and signature forms (exclusions, UM, PIP, etc.). If you are unable to obtain these documents from the previous producer, then the insured must complete and sign all forms relevant to their policy. Maintain these documents as indicated in File Maintenance and Audit Requirements.

Cancellation Guidelines

Flat Cancellations

Flat cancellations are permitted after inception of a policy only in the following situations (proof required):

1. The vehicle is returned to the dealer after purchase.
2. There is duplicate insurance effective on or before the effective date of the Company's policy.
3. The applicant NEVER HAD possession of the vehicle.

If you accept a payment in your office, the payment must be uploaded or postmarked before the cancellation date. Policies with payments postmarked or uploaded on or after the day of cancellation will not be reinstated except as described in the Billing and Fees section under Policy Reinstatement.
