# UNDERWRITING GUIDELINES

## BINDING AUTHORITY

Binding applies to new business applications provided any application meets the published underwriting guidelines and is submitted without omissions and with the required down payment. Binding applies to endorsements provided any endorsement request is completed and submitted with the required down payment. If an additional premium endorsement is submitted without acceptable down payment, binding becomes effective upon company issuance.

Any application or endorsement submitted which does not meet the specified underwriting guidelines outlined in this manual, or submitted with omissions or without the required down payment will not be bound unless the Company chooses to accept the risk.

If your Producer Agreement grants Binding Authority, binding is granted from the effective date and time of the application, including Saturdays, Sundays and legal holidays. Unless the application or endorsement has been uploaded within three (3) days of the date signed by the applicant or the agent (in the case of endorsements that do not require an applicant's signature), coverage will be bound effective 12:01AM Standard Time on the date after the application is uploaded.

## WEATHER RESTRICTIONS

Binding authority for physical damage coverages is strictly withdrawn, and deductibles may not be lowered, in the following situations:

1. When the National Weather Service issues a hurricane, tornado, flood, or other similar natural disaster "watch" or "warning" within 100 miles of the location of the proposed risk.
2. For the 72 hour period following the National Weather Service lift of a hurricane or tornado "watch" or "warning" unless each automobile for which physical damage coverage is to be bound is personally inspected by the producer and all vehicles are found to be in operable condition, with no existing damage. Comprehensive photos of the vehicle must be provided at the time the application is submitted (left-front and right-rear angles).

**FRAUD WARNING: Per Florida Statute 627.409, any statement or description made by or on behalf of an insured or annuitant in an application for an insurance policy or annuity contract, or in negotiations for a policy or contract, is a representation and not a warranty. A misrepresentation, omission, concealment of fact, or incorrect statement may prevent recovery under the contract or policy only if any of the following apply: (a) The misrepresentation, omission, concealment, or statement is fraudulent or is material to the acceptance of the risk or to the hazard assumed by the insurer. (b) If the true facts had been known to the insurer pursuant to a policy requirement or other requirement, the insurer in good faith would not have issued the policy or contract, would not have issued it at the same premium rate, would not have issued a policy or contract in as large an amount, or would not have provided coverage with respect to the hazard resulting in the loss.**

# GENERAL INFORMATION

## COMMISSIONS

Commissions will be paid electronically to the agent's designated bank account by the 15th of each month for all premiums posted during the preceding month. Commissions are not paid on any fees.

## POLICY PERIOD

Policies may be written for a six (6) month term only. Policies are not continuous and will renew only upon payment of renewal premium before the expiration date. There is no grace period for payment of renewal premiums.

## NEW BUSINESS

New business down payments must be submitted via EFT from the agent's account, or directly from the customer via the customer's credit card or a direct debit from the customer's bank account. Any shortages in down payment resulting from misrate or up-rate will be invoiced to the insured separately or added into the next scheduled installment, depending upon the billing date. The balance of any up-rate or misrate will be distributed over the remaining installments.

## APPLICATIONS

All new business applications must be uploaded and a copy of the signed application faxed or uploaded to the company. All applications must be completed in full without omissions and signed by the applicant. The signature must be witnessed by an authorized producer, as evidenced by the producer's signature on the application in order to secure bound coverage.

All vehicles must be inspected by the agent at the time coverage is bound with a copy of the signed inspection form and two photos faxed or uploaded to the company if comprehensive and collision is purchased. Agents may not bind coverage for vehicles with existing damage, other than normal wear and tear that is disclosed on the application.

Inspection is not required if any of the following criteria apply:

- New, unused motor vehicle purchased from a licensed motor vehicle dealer or leasing company, if insurer is provided a copy of the bill of sale or buyer's order which contains a full description of the motor vehicle including all options and accessories; or a copy of the title/registration showing transfer of ownership and a copy of the window sticker/dealer invoice with all options listed.
- A temporary substitute motor vehicle.
- A motor vehicle which is leased for less than six (6) months, if the insurer receives the lease or rental agreement containing a description of the leased motor vehicle, including its condition.
- A vehicle that is ten (10) years old or older, as determined by reference to the model year.

## ENDORSEMENTS

All endorsements resulting in a change in coverage require the insured's original signature, and copies must be faxed or uploaded to the company. When adding a driver and a vehicle that are not the named insured's spouse or child, we require proof that the vehicle is registered to the Named Insured. A completed driver exclusion form is required to delete a spouse or a driver who remains a resident of the named insured's household.

Most policy changes can be processed online and may require a portion of the additional premium to be paid at time of endorsement. The balance of additional endorsement premium will be distributed over the remaining installments.

Return premiums owed an insured are first applied to any policy balance, including fees, with the remaining payments reduced by such amount. Refunds over the policy balance will be returned directly to the insured following the termination of coverage as required by law.

NOTE: If a policy terminates for nonpayment of premium as a result of an additional premium, please remember that apportioned agent commission is charged back; collecting adequate additional premium could save the agent from losing commission income on premium that would otherwise have been earned.

## RENEWALS

If the company offers a renewal, the renewal declarations page will be mailed to the insured at least 45 days prior to the expiration date of the current term. The minimum renewal down payment premium must be paid before the expiration date of the policy, as witnessed by US postmark or the upload date if the payment is transmitted electronically to the company. If not received by the company, an advice notice is sent to the agent and loss payee noting the renewal was not taken.

### Rate Capping

Renewals will be rate capped at +10% and -10%. Price changes initiated by the customer including changing coverages, vehicles, drivers, and garaging address will not be subject to the rate capping mechanism.

## FINANCIAL RESPONSIBILITY FILINGS

Policies requiring SR22 Filings are unacceptable.

## CANCELLATIONS

### Flat Cancellations

Insured requests for flat cancellations are not allowed unless:

1. The company is provided evidence of duplicate, concurrent coverage in the form of a company-generated declaration page, OR
2. Request for flat cancellation is received prior to the policy effective date, OR
3. Within 5 (five) business days of the policy effective date, proof is provided that the insured never took ownership of the vehicle.

### Dishonored or unauthorized payment received with New Business Applications:

If any insured submits a dishonored or unauthorized payment on the original new business application, the company will provide a flat cancellation. Cancellation notices will be sent to the insured, loss payee and agent when the policy is cancelled flat due to a dishonored or unauthorized payment to the producer or company. Coverage will not be reinstated; rather, a new application must be submitted with certified funds, including the dishonored or unauthorized payment charge.

### Dishonored or unauthorized payment received with Installment Payments:

On subsequent premium payments, if an insured submits a dishonored or unauthorized payment to the producer or company, a legal notice of cancellation for nonpayment of premium will be generated. If the policy was pending cancellation at the time the dishonored or unauthorized payment was applied, the policy will re-cancel back to the pending cancellation date.

### Total Losses

The Company will not automatically cancel a policy as a result of a reported total loss. Cancellation of the policy or of policy coverages must be requested by, and signed for by, the insured.

### Insured-Elected Cancellations

Cancellations requested by the insured must be submitted in and writing and include the policy number and insured's signature. The refund will be calculated as the unearned pro-rata premium x .90. All fees are fully earned.

### Company-Elected Cancellations

Any cancellations initiated by the company will be calculated on a pro-rata basis.

### Waiver of Premium

If a policy cancels with a balance due either the insured or the company, the company will waive both payment of balances due or collection of monies owed if the amount is no greater than \$5.00. Refund amounts no greater than \$5.00 will be paid if requested by the insured. Refund amounts greater than \$5.00 do not require an insured to make a request to be paid.

## REINSTATEMENTS

Once a policy has been cancelled, it may only be reinstated with prior approval from the company. If approved, a reinstatement fee will be charged against the policy and any applicable lapse in coverage will apply.

Reinstatement of non-pay cancellations will occur only upon approval from and receipt by the Company of the full premiums due the Company, including applicable fees. "Receipt" is deemed to be receipt of verified legal tender of all monies owed. Payment to the agent is not acceptable as payment to the Company once a cancellation is in effect.

**DO NOT ACCEPT LATE PAYMENT OF PREMIUM WITHOUT PRIOR APPROVAL FROM THE COMPANY.**

## DRIVERS

It is a requirement of the Company that all household members, age 14 or older, whether licensed or not be disclosed. It is a further requirement that all non-household member drivers of the insured vehicle(s), including occasional operators also be disclosed.

AssuranceAmerica requires a 36-month verifiable driving record. If any experienced driver is newly licensed in Florida, please provide the driver's prior state's license number. We will order driving history from multiple states to ensure a 36-month history.

### DRIVER EXCLUSIONS

You may exclude the following drivers from the policy:

1. A spouse who is not specified as a Named Insured on the Declarations.
2. Any person age 15 or older who resides with the applicant or with an insured driver;
3. Children temporarily away at school; or,
4. Any licensed resident who is temporarily living at another residence.

You **MUST** exclude the following drivers from the policy:

1. All persons 16 years or older who reside in the insured household and do not hold a valid license or learner license.
2. All persons with a permanently suspended or revoked license.

The named insured must sign the Driver Exclusion Form and a copy must be faxed or uploaded to the company. Driver exclusions apply to all subsequent renewals unless the Company is notified in writing to remove the excluded driver. Driver exclusions are not allowed when there are more vehicles than rated drivers on the policy.

A surcharge will be applied to PIP and Property Damage coverages on any PIP/PD only policy with excluded drivers.

**Note: Any resident age 15 or older and anyone having regular use of an insured vehicle, other than those with a learner's permit license, must be listed on the application and rated as an operator on the policy or excluded. Minors who have a learner's permit and are subject to Florida Statute 627.746 shall not be charged a premium for the period of time that the minor has a learner's permit, until such time as the minor obtains a driver license.**

### Marital Status

"Married" means legally married where both spouses live in the same household. Single means not legally married; cohabitation does not constitute legal marriage for purpose of rating risks and for assuming certain policy rights. If insureds maintain different surnames, proof of marriage is required at the time of application or endorsement, otherwise insured will be rated as single persons.

## VEHICLES

Vehicles are assigned company defined symbols. For vehicles with a current or future model year that are not yet defined, the company will rate the vehicle similarly to a like vehicle until a symbol is assigned and filed.

## POLICY CHANGES

The Named Insured may be removed from the policy in the following cases:

1. Death – AssuranceAmerica requires a death certificate to remove the named insured. If the surviving spouse is not already listed as a Named Insured, the policy should be endorsed to reflect this change. Named Insureds may not be changed to estates, trusts, executors or other heirs.
2. Divorce – only when the Named Insured being removed willingly signs a request to remove him/her may the policy be endorsed for this change. Otherwise, the spouse wishing to remain sole Named Insured should have a new policy written in his/her name, removing him or herself from the original policy.

All changes to the policy resulting in a change in coverage require the insured's original signature and a copy must be faxed or uploaded to the company. A completed driver exclusion form is required to delete a spouse or a driver who remains a resident of the named insured's household.

When changing a vehicle, no increase in coverage applies until you have notified our office and paid any additional premium due. If the replacement vehicle is unacceptable and the original vehicle was covered for liability only we will only cover the replacement vehicle for liability. If applicable, an unacceptable risk surcharge will be applied to the policy. In all unacceptable cases, the file will be set for non-renewal.

### Special Provisions for Unacceptable Exposures

1. If an insured or insured vehicle is relocated outside of Florida during the policy term, the policy will be surcharged and canceled or non-renewed.
2. If an insured adds an unacceptable vehicle, unacceptable operator, or increases the risk exposure in a manner that would have rendered the risk unacceptable for new business or renewal, the policy will be surcharged and will be marked for cancellation or nonrenewal.

## PREMIUM FINANCING

Premium financed policies are not permitted.

**Profit and Contingency Factor Used in Filing**

The company uses a 5% profit and contingency factor net investment income.

# VIOLATIONS/ACCIDENTS

For rating purposes, evaluate each operator's record for the past 36 months, using violation and accident conviction date. Points are charged for each accident and/or violation appearing on the MVR, developed on the application, previously reported to the company, or developed through other reporting agencies. The violation occurrence date is used to determine if an accident or violation falls within the chargeable period.

Violations charged in accordance with Florida 626.9541 and defined within the statute are assessed their respective point values when they are the second or subsequent violation occurring in the preceding 18 months or the third or subsequent violations in the preceding 36 months.

If there are more vehicles than operators, check carefully for undisclosed operators as coverage may be voided if the existence of licensed operators is misrepresented to the company.

## ACCIDENTS

All accidents, regardless of driver fault, must be declared on the application for insurance. If we determine, in good faith, based on information collected in our files that an accident is "AT FAULT" that accident will be counted in the point assessment unless the named insured demonstrates one of the following "NOT AT FAULT" conditions:

1. Vehicle was lawfully parked.
2. Accident was reimbursed by, or on behalf of, a person responsible for the accident or has a judgment against such person.
3. Vehicle was struck in the rear by another vehicle headed in the same direction and was not convicted of a moving traffic violation in connection with the accident.
4. Vehicle was hit by a "hit-and-run" driver, if the accident was reported to the proper authorities within 24 hours after discovering the accident.
5. Insured was not convicted of a moving traffic violation in connection with the accident, but the operator of the other automobile involved in such accident was convicted of a moving traffic violation.
6. Insured was finally adjudicated not to be liable by a court of competent jurisdiction.
7. Insured is in receipt of a traffic citation which was dismissed or nolle prossed.
8. Accident was not at fault as evidenced by a written statement from the insured establishing facts demonstrating lack of fault which are not rebutted by information in the insurer's file from which the insurer in good faith determines that the insured was substantially at fault.

## POINT SCHEDULE

Any waived violations per Florida 626.9541 are still counted when calculating the Occurrence of a particular violation.

### Not At Fault Accidents

Not at fault accidents will not be added for existing drivers after new business inception. The lookback period for not at fault accidents will be 36 months and not at fault accidents will age off at the next renewal after they reach the 36-month experience period. ## UNDERWRITING EXPERIENCE REPORTS

Motor Vehicle Reports are required for all licensed operators in the insured household for each risk. If you do not provide us with an MVR and our order is returned to us from the state as "Unable to Locate Number" with the number provided the company on the application, the policy will be surcharged. To eliminate this possibility, please provide a copy of drivers' licenses or a copy of the MVR at the time of application or driver additions.

Claim Activity Reports, Criminal Background Reports and Licensed Operator Checks are used to supplement and verify information provided on applications. It is important for the agent to advise his/her insureds to disclose all loss activity and licensed operators in his household to ensure there will not be the opportunity for coverage denial based on material misrepresentation or coverage disqualification and cancellation.
