## New Business

### Submissions

Brokers do not have the authority to bind any coverage for any program underwritten by Triton General Insurance Agency, LLC. Acceptance of any payments or representations by the broker to the insured is not binding on Triton General Insurance Agency, LLC.

New Business **MUST** be submitted via our online system.  The online system (portal) will show an effective date to be the same date and time the new business application was submitted electronically and accepted by our automated underwriting system unless the effective date being requested is within 15 days in the future. The broker is responsible for obtaining all necessary signatures on the application.

### New Business Applications

Applications are acceptable if completed in their entirety and signed and dated by the applicant and broker prior to submission to Triton General.  Brokers **MUST** submit all risks via the Triton General Producer Portal (https://triton.live.ptsapp.com) as soon as the applicant signs the application and the broker secures the applicant's payment.
A complete application includes, but is not limited to the following:

1. Applicant's signature, with date and time. The signature on the application must be that of the Named Insured. A spouse residing in the same household is a Named Insured; therefore, the signature of the spouse is acceptable, unless the spouse is specifically excluded from the policy;

2. Signed waivers and exclusions as applicable for the risk and as required;

3. If applicable a properly completed and signed Recurring Payment Plan Form (EFT/ACH or Credit Card);

4. All rated drivers and a copy of their driver's license;

5. Information on "all" spouses within the household;

6. All household members fifteen-and-a-half (15 ½) years of age or older, regardless if they are licensed to drive or not;

7. An accident disclosure statement **MUST** be completed disclosing the details of any and all accidents. Undisclosed accidents may result in an increase in premium as a result of information within validated Third-Party Claim History reporting;

8. A copy of a driver improvement course certificate if the Mature Driver Discount is to be applied;

9. A copy of the vehicle registration or proof of ownership showing the correct and complete Vehicle Identification Number (VIN), 13 or 17 digits, must be obtained for all vehicles on the policy;

10. All required photographs or applicable supporting documents, see the Photo Requirements section below;

11. Complete mailing and garaging addresses;

12. If there is a known Lienholder and/or Additional Insured on a vehicle, the complete name and address must be indicated on the application. If the full name and address of the Lienholder and/or Additional Insured is not known, the space on the application is to be left blank. Do not enter "to be assigned" or "to follow";

13. For vehicles with Physical Damage coverage, a completed Seaview Statement of Vehicle Condition Certification that the broker inspected the vehicle or proof that the vehicle qualifies for an exception to the inspection requirement must be obtained;

14. If the vehicle has existing damage and Physical Damage coverage is requested, a repair shop estimate or appraisal documenting the cost of repairs must be obtained. The cost of repairs must be under $1,000, unless the applicant is a Good Driver;

15. Applicant's original Community Services Statement.

To "Void" an application, the broker must send an electronic request the same day to Triton General Insurance Agency, LLC with an explanation of the reason for the void.

## Additional Insured

We provide an Additional Insured Endorsement at no additional charge to protect a third party’s liability interest. This endorsement is not available on named non-owned vehicle policies.

## Physical Damage Submission Restriction (Catastrophe)

Coverage may not be written or submitted in any area where the National Weather Service or any Governmental Agency has issued a “watch” or “warning” of catastrophe or disaster, including but not limited to earthquake, flood, fire, hail, tornadoes, windstorm, tropical storms, and hurricanes. We will notify you when the restriction has been lifted.

# Policy Changes / Endorsements

Policy change requests **MUST** be submitted online using the Triton General Producer Portal. Changes submitted via the Producer Portal will show an effective date to be the same as the date and time the change was accepted by the Producer Portal

The Named Insured will not be changed, policy assignment will not be allowed, except to a surviving spouse or in the event that there is no surviving spouse, to the trustee of the estate.

Mid-term policy changes, if any, are based on the rates in effect at the inception of the policy term in which the change is effective.

Should the Producer Portal not be available, changes submitted manually **MUST** be submitted to Triton General within two (2) business days from the date the insured notified the broker of the request. The following conditions must be met for the requested date to be honored:

- Additional and replacement vehicles may be added to the policy within thirty (30) days from the date of purchase, providing we insure all private passenger vehicles in the household. After thirty (30) days, coverage for additional vehicles will follow the change effective date rules stated above.

- Any change in the billing and / or garaging address must be made within two (2) business days from the date of the insured’s notification to the broker of the change.

- Requests to delete coverage will not be backdated. The request must be completed via the Producer Portal and / or sent to our office along with the backup documentation within two (2) business days from the date of the insured’s notification to the broker of the change.

- Changes submitted using the Triton General online system.

- Applicable supporting documentation, including the Insured's signature(s), for endorsement requests that are transmitted electronically via the Triton General Producer Portal should be obtained by the broker and retained in their files, as this information is subject to audit. Manual endorsements must be emailed or faxed to Triton General within two (2) business days of the broker's receipt of the Insured's request for the policy change. The policy change request must be accompanied by applicable supporting documentation. This includes any applicable coverage waivers and the Insured's signature(s), if applicable.

- Brokers are responsible for obtaining all supporting documents and having the insured sign the change request but they will be allowed to retain these documents in their office. No information needs to be sent to Triton General, with the exception of coverage changes that require updated waivers to be signed.

  **All updated waivers are to be uploaded to Triton General or sent within two (2) business days of the insured's notification to the broker of the change.**

- Triton General may from time to time, call the broker and request them to fax us a copy of the change and supporting documentation.

Changes are subject to the same underwriting rules as new business. Please refer to Unacceptable Risks and Vehicles and Unacceptable Risks and Drivers section for acceptability. If a change does not meet our underwriting rules, Seaview reserves the right to reject the change and return unbound with no coverage provided. Policy changes may also be referred to as endorsements.

## Record Keeping Requirements

Triton General requires that brokers keep all policy related records for five (5) years after expiration or cancellation date of the policy. The preservation of records by computer or photographic reproductions or records in photographic form is sufficient to be compliant, as long as they can be made available immediately upon request. Triton General will periodically audit broker files and may request copies of proper documentation at any time.

## Broker of Record Change

We will only change the broker of record on the 6 or 12 month renewal following the date we receive the request. Broker of record changes must be received in writing and signed by the new broker and the insured. Upon receipt of the broker of record change the new broker will be allowed to service the insured's policy even if we have not changed the broker of record in our system.

# Payments

## New Business Down Payment

The broker must remit a down payment or payment in full via insured credit card or electronic sweep from the broker's trust account.

# Returned New or Renewal Down Payment or Paid-in-Full Payment

If the applicant's payment for the initial down payment premium for new business, renewal or initial paid-in-full amount is not honored by the bank for any reason, the policy will be rescinded, and no coverage will have existed. When the broker accepts a check from the applicant for the initial down payment premium and that check is not honored by the bank, the broker must submit a copy, front and back, of the check to Premium Accounting within 30 days from the inception date of the policy.

# Returned Installment Payment

If the insured makes a payment (other than the down payment) to Triton General that is not honored by the bank for any reason, the policy will be canceled for non-payment. Once canceled, the policy may be eligible for a rewrite, upon receipt of payment. After two consecutive payments that are not honored or three payments not honored in any 12-month period, the policy will not be rewritten.

**PLEASE NOTE:** Any dishonored payment that reinstates the policy will result in immediate cancellation back to the original cancellation date.

## Payments received after the due date, but prior to the cancellation date:

- Payments received after the due date but prior to the cancel date will reinstate without a lapse in coverage.

## Payments received after the cancellation date:

- Once a policy cancels for nonpayment, we reinstate with a lapse in coverage if the payment is postmarked or uploaded within thirty (30) days from the cancellation date and upon underwriting approval. If the payment is accepted, the lapse date will be the **DATE AFTER POSTMARK**.

  If a claim should occur between the time the broker accepted the money and the reinstatement date, due diligence will be conducted by the Seaview Insurance Company Claims Department to assess coverage.

- There is no coverage from the cancellation date of the policy until the reinstate with lapse or rewrite effective date.

- Payments applied online, or those received via the U.S. Post Office, will become effective 12:01 A.M. the day following the U.S. Post Office postmark date on the envelope containing the payment, or the day after the payment is uploaded or the date received in the mail (if no postmark or metered mail).

Rates are based on the mileage estimate provided by the insured per 1861.02 (a)(2) of the California Insurance Code and Title 10, Section 2632.5 of the California Code of Regulations. If the estimate provided could be reasonably assumed as illogical based on vehicle age and other combinations of facts such as commute distance and commute days, the insured may be asked for additional information to support the estimate with a verbal or written explanation. If the insured does not reply to such an inquiry, Seaview will use 14,400 annual miles as the default annual mileage to rate the policy.

Any person who claims that he or she meets the criteria of A Good Driver Policy entirely or partially on a driver's license and driving experience acquired anywhere other than in the United States or Canada is rebuttable presumed to be qualified to purchase a Good Driver Discount policy if he or she has been licensed to drive in the United States or Canada for at least the previous 18 months and meets the criteria of subdivisions (a), (b), and (c) of under Section 1861.025 of the California Insurance Code and Section 2632.13 of the California Code of Regulations for that period.

# Accidents and Violations

## Chargeable Period

Count all moving violations and chargeable accidents for the past 36 months' experience period received while operating a private passenger automobile, motorcycle, or commercial vehicle

Violations received while operating a motor vehicle for compensation during the hours of employment should not be charged, provided the applicant has submitted a written declaration, made under penalty of perjury, stating the violation was received while operating a motor vehicle for compensation during the hours of employment. This applies only to individuals whose specific duties include driving their employer's motor vehicles or individuals who have authority in their name from the Public Utilities Commission to operate as a highway carrier and who are registered owners or lease operators of the motor vehicle. However, charges for the following violations cannot be waived:

1. Subdivision (a) of Section 14601,
2. Subdivision (a) of Section 14601.1,
3. Subdivision (a) of Section 14601.2,
4. Section 20001 or 20002,
5. Subdivision (a) of Section 20008,
6. Sections 23103, 23104, 23152, or 23153.

Traffic School - The First Traffic School dismissal will not appear on the MVR. Subsequent citations within 18 months will show on the MVR even if the driver attends Traffic School again. Those dismissed citations that appear on the MVR will be surcharged. If there are two (2) or more dismissals appearing on the MVR, that person would not qualify as a "Good Driver".

## Violation Points

Refer to the driving record of the named insured and each additional driver to determine the violation point charges for each driver. For this purpose, use the California Department of Motor Vehicles public record of traffic violations. Out of state convictions count the same as in state convictions. <u>Driving record points are assigned based on the violation conviction date, not the occurrence date, with the exception of accidents.</u> Determine Rating Points from Driving Record.

- <u>Points are computed based on violations with conviction date whereas the conviction date is within the most recent 36 months.</u>
- If an accident and a violation conviction or multiple violation convictions occur at the same time, only the one that generates the highest point count will be charged.
- Multiple violation convictions occurring on the same day will be charged separately.
- Points are not combined for drivers; each driver is rated with his/ her own points.
- Violation convictions that occur within the policy period are only chargeable at renewal.

## Accident Points

- Points are computed based on accidents that occurred in the most recent 36 months.

- If a chargeable accident and a violation conviction occur at the same time or a single occurrence result in more than 1 violation conviction, charge only for the accident or violation conviction with the highest point value.

- California Code of Regulations 2632.13 mandates that a driver may be considered to be Principally At-Fault in an accident if the driver’s actions or omissions were at least 51% of the proximate cause of the accident, and in an accident not resulting in death, the total loss or damage caused by the accident exceeded $750 if the accident occurred prior to 12/11/2011 or $1,000 if the accident occurred 12/11/2011 or after.

- Any chargeable accident will result in point charges if the accident is paid, outstanding, or the driver is deemed to be responsible.

- An accident is considered non-fault if:

  - The vehicle was lawfully parked at the time of the accident. A vehicle rolling from a parked position shall not be considered to be lawfully parked, but shall be considered as in the operation of the last operator;

  - The vehicle was struck in the rear by another vehicle and the driver has not been convicted of a moving traffic violation in connection with the accident;

  - The driver was not convicted of a moving traffic violation and the operator of another vehicle involved in the accident was convicted of a moving traffic violation;

  - The driver's vehicle was damaged as a result of contact with a vehicle operated by a “hit and run” operator of another vehicle and the accident was reported to legal authorities within a reasonable time after the accident;

  - The accident resulted from contact with animals, birds, or falling objects;

  - The accident was a solo vehicle accident that was principally caused by a hazardous condition of which a driver, in the exercise of reasonable care, would not have noticed (for example, “black ice”) or in the exercise of reasonable care could not have avoided (for example, avoiding a child running into the street).

  - If the provisions of Insurance Code Section 488.5 apply.

- Acceptable proof of “non-fault” includes any of the following:

- A copy of the police report or court documents;

- A letter from their previous carrier regarding the loss;

- Any other documentation, which proves non-fault, including a written declaration from the driver regarding the loss. This declaration will be made under penalty of perjury, and any fraudulent or material misrepresentation may result in the voiding or cancellation of the policy, and possible criminal prosecution.

- Before making a determination that a driver was principally at-fault (in accordance with CCR 2632.13) for an accident:

  - If Seaview Insurance Company provided insurance coverage at the time of an accident Seaview Insurance Company will conduct an investigation. In conducting an investigation and determining whether the driver is principally at-fault for an accident, Seaview Insurance Company will diligently pursue a thorough, fair and objective investigation and shall maintain records detailing the investigation.

  - If Seaview Insurance Company did not provide coverage at the time of the accident Triton General will:

    (1) Contact any insurer who provided coverage at the time of the accident and confirms its principally at-fault determination as defined in 2632.13 (b); or

    (2) Rely on subscribing loss underwriting exchange carrier data that meets the requirements of 2632.13 (f) (2); or

    (3) The driver confirms and the subsequent insurer records facts sufficient to find that the driver was principally at-fault for the accident as defined in subsection (b); or

    (4) We obtain sufficient information to determine that the driver is principally at-fault for the accident as provided in s 2632.13 (b); or

    (5) We obtain the driver's declaration, under penalty of perjury, attesting to his or her own principally at-fault accident history as provided under subsection (b), which shall be sufficient proof of that accident history in the absence of contrary information from an independent source.

## Driver Vehicle Assignment

Policy premium is determined by assigning the highest rated driver to the highest rated vehicle. The second highest rated driver is assigned to the second highest rated vehicle, and so on. Continue assigning drivers to vehicles until all vehicles have been assigned.

A. Each driver must be assigned to at least one vehicle.

B. Driver ranking rule:

1. The highest rated driver is defined as the driver with the highest Bodily Injury (BI) factor based on driver record, years of driving experience, and driver class, taking into consideration of Good Driver Discount and Mature Driver Discount.

2. In the case of drivers with the same BI factor, they will be ranked by Collision (COLL) factor, followed by Comprehensive (COMP) factor, in the same manner as described above.

C. Vehicle ranking rule:

1. The highest rated vehicle is defined as the vehicle with the highest sum of premium estimates for Bodily Injury (BI), Property Damage (PD), Uninsured Motorist Bodily Injury (UMBI), Comprehensive (COMP) and Collision (COLL).

2. Factors for calculating the premium estimates for BI, PD and UMBI include Base Rate, Frequency Band, Severity Band, Increased Limit, Model Year, Annual Mileage, Business Use and Vehicle / Driver Count.

3. Factors for calculating the premium estimates for COMP and COLL include Base Rate, Frequency Band, Severity Band, Primary Symbol, Secondary Symbol, Model Year, Deductible, Annual Mileage, Business Use, Vehicle / Driver Count, and Named Operator Endorsement.

D. If there are more vehicles than drivers, the extra vehicles will be rated using the Excess Vehicle factors.

(b) During the previous three years, he or she has not done any of the following:

(1) Had more than one violation point count determined as provided by subdivision (a), (b), (c),

(B) If, under Section 488 or 488.5, an insurer is prohibited from increasing the premium on a policy on account of a violation, that violation shall not be included in determining the point count of the person.

(C) If a violation is required to be reported under Section 1816 of the Vehicle Code, or under Section 784 of the Welfare and Institutions Code, or any other provision requiring the reporting of a violation by a minor, the violation shall be included for the purposes of this section in determining the point count in the same manner as is applicable to adult violations.

(2) Had more than one dismissal pursuant to Section 1803.5 of the Vehicle Code that was not made confidential pursuant to Section 1808.7 of the Vehicle Code, in the 36-month period for violations that would have resulted in the imposition of more than one violation point count under paragraph (1) if the complaint had not been dismissed.

(3) Was the driver of a motor vehicle involved in an accident that resulted in bodily injury or in the death of any person and was principally at fault. The commissioner shall adopt regulations setting guidelines to be used by insurers for the determination of fault for the purposes of this paragraph and paragraph (1).
